### NOTTS PARENT EVENT: i-Pad Apps for Learners with SEN

#### General Outline

So, you have an i-Pad but aren't sure what apps you could use, the app store has more content than you could ever cope with and you haven't got the time or understanding of what to look for. During this session we will look at some of the free and low-cost apps you could use to support your child, as well as using some of the features built-in to the iPad to help make them more accessible whilst retaining control

- Free apps
- Low-cost apps
- Accessibility
- Peripheral devices
- Strategies for managing the iPad

Having an iPad with you will be useful if you want to download the apps during the session: you will need credit on your device if you want to install them. Details of the apps demonstrated and discussed will be shared after the event
